EXO EMPLOYER SERVICES

FACTSHEET

MYOB Enterprise Professional Services

Gain access to the qualified MYOB Professional Services Team that provides a range of services to assist you.

When you work in payroll, employees expect you to get it right. Often the only time you ever hear from them is if something goes wrong, even if it isn't your fault. What they don't see is the minefield of legislation, awards, entitlements and everything else you have to deal with. No other role faces so many changes, challenges and criticisms. MYOB offers a wide range of services to help you get the most out of your EXO Employer Services products – whether you want classroom style training or a tailor made session just for your company; we can accommodate your needs

Key features

- Provides training and consulting for EXO Employer Services clients
- Conduct a payroll 'warrant of fitness' on your current processes
- EXO Assist – Payroll Processing Cover
- Seminars and Workshops

Training

We run a wide range of training courses encompassing New User, Advanced User and refresher type sessions.

Courses are run from our Auckland and Christchurch offices, but you can also attend from the comfort of your own home or office by attending one of our WebEx sessions – no travel required and it doesn't matter where you're based!

One on One training and Consulting

If group classroom style training isn't what you had in mind, one of our experts can visit you onsite to provide training, or simply to consult and work with your team to ensure you are getting the most out of your systems. Consulting, problem solving and troubleshooting can be one on one and face to face.

Again if you're out of the Auckland or Christchurch regions, our WebEx systems allow us to share access to your payroll and help as though we were right in front of you.

System Warrant Of Fitness

If you've ever thought something was not quite right, or that using the system is just too hard, chances are your system may not be set up to work with you. Get peace of mind from the experts with a payroll Warrant of Fitness!

Using our 42 point checklist one of our consultants will review all aspects of your payroll setup to ensure your system is running as effectively, and as compliant, as possible.

EXO Assist – Payroll Processing Cover

It's always tough for a payroll person to go on holiday, as everyone still needs to get paid! If you need cover for your payroll for any reason, one of our trained payroll consultants can take over and process pays for you.

Get peace of mind knowing that your payroll will be secure, confidential and correct while you're away

MYOB ENTERPRISE SOLUTIONS

Seminars and Workshops

Keep an eye on our newsletters for our informative training seminars.

Designed to update you on any product or legislation changes, these seminars are run through Tax Upgrade time and Christmas.

These sessions are a great chance to get up to date with product and legislation changes, as well as meet other Payroll Administrators and our consultants.

Additional modules to enhance your business

If you are interested in a more flexible business management solution for your larger, more complex business and have some very specific industry requirements, we can help.

MYOB Enterprise Solutions contains a series of additional modules that can be purchased and integrated to form a complete business management solution.
